

Air General Permit Frequently Asked Questions

The Frequently Asked Questions (FAQs) were developed by the Florida Small Business Environmental Assistance Program (SBEAP) based on emails and calls directed to the program. Additional questions and answers will be added on a regular basis as appropriate based on current issues and questions posed to the Florida SBEAP. Even though each question has been carefully answered, they are not designed to cover every aspect of the regulations that may apply to your situation. Please feel free to contact the Florida SBEAP at 1-800-722-7457 or by email at small.business@dep.state.fl.us, if you have any questions on the information provided or if your question is not covered by the FAQ.
