

# Combined Summary Report

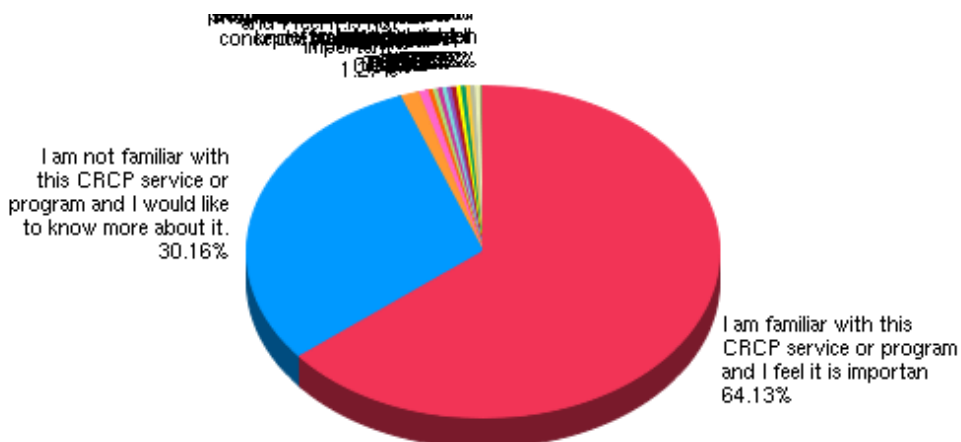

June 02, 2010

## 1. 1.1 Southeast Florida Coral Reef Initiative (SEFCRI) Local Action Strategies

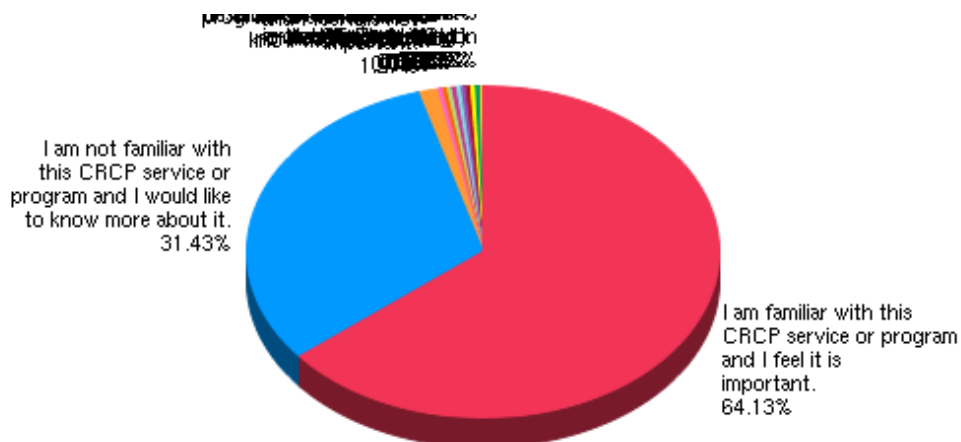

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	222	70.48%
I am not familiar with this CRCP service or program and I would like to know more about it.	74	23.49%
I am familiar with this CRCP service or program and I feel it is not important.	5	1.59%
Broward Soil and Water Conservation District should be a member of the SEFCRI.	1	0.32%
I am familiar with this CRCP but not too many people know about it	1	0.32%
I am familiar with this CRCP program, but not the details of the local action strategies.	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I have some information and would like more and updated infromation	1	0.32%
I know it exists but don't know what they do. I'm very likely to say it's important work	1	0.32%
I sat5 in on a lot of the sessions and was not impressed with LAS!	1	0.32%
i think there are additional strategies to preserve the coral species that are being overlooked email me or call 954 377 6300 charles butler aquarist should have samples to grow and return to you or plant as may be appropriate many reasons that this would be a good thing	1	0.32%
It's TOO extensive - can't do it all.	1	0.32%
Maybe a small training class would be helpful	1	0.32%
not familiar	1	0.32%
Please help out with this horrific oil spill so that perhaps the coral reefs will stay in tact!	1	0.32%
This program has not been successful with mission of establishing a baseline and monitoring the SE Florida Reef system.	1	0.32%

2. 1.2 Coordination and Leadership of the SEFCRI Team

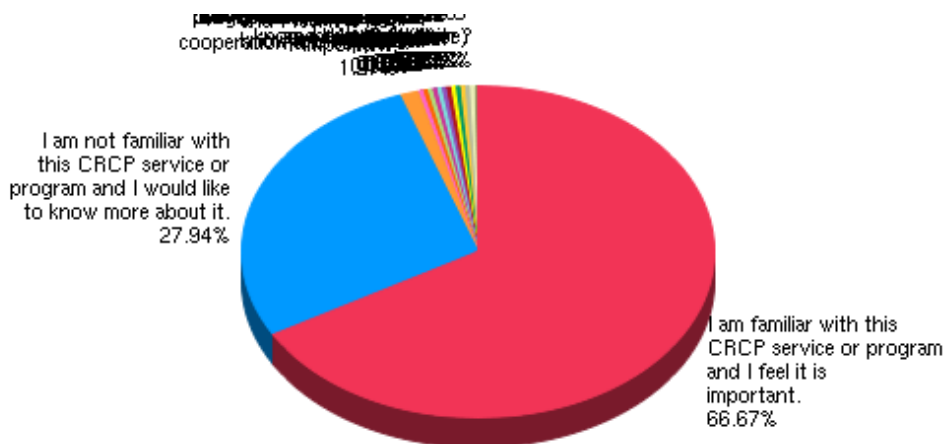

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important	202	64.13%
I am not familiar with this CRCP service or program and I would like to know more about it.	95	30.16%
I am familiar with this CRCP service or program and I feel it is not important.	4	1.27%
not familiar	2	0.63%
Broward Soil and Water Conservation District should be added to the SEFCRI.	1	0.32%
don't know, not interested	1	0.32%
I am familiar with this CRCP service or program and I feel it is important. I do not think enough has been done to make people aware of their mission or objectives.	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I am not familiar with this CRCP service or program, and don't understand how this particular portion affects me.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
i would like to know more and assit with the concept expressed above	1	0.32%
If someone if already familiar w/ SEFCRI LAS, the following questions about each program seem to be redundant	1	0.32%
In at least one place (MICCI) you chose two leaders who were at least obstructionists and were definitely not the quality of leaders we need.	1	0.32%
My experience is that SEFCRI does not have effective leadership	1	0.32%
Same as above, though the fact that I don't know anything about the leadership doesn't bode well	1	0.32%
SEFCRI did not collaborate with other local science organizations to obtain data an complete their mission	1	0.32%

3. 1.3 Planning and development of a Managed Area and Management Plan for southeast Florida's reefs

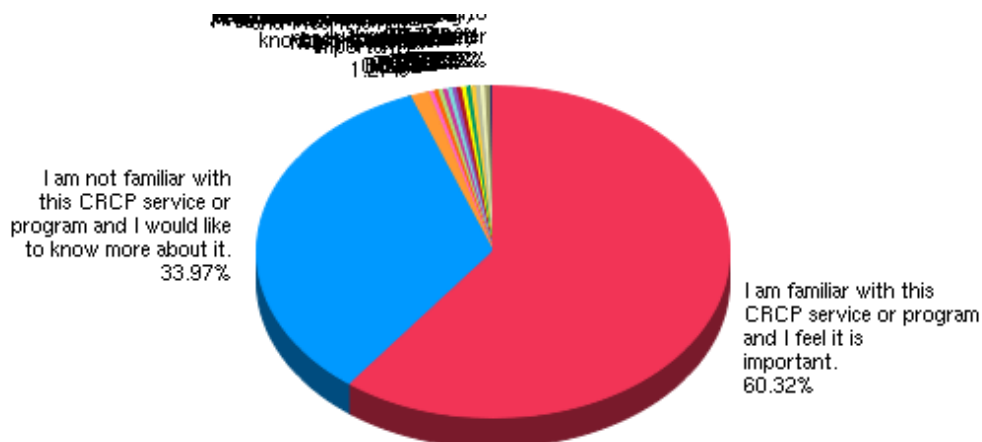

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	202	64.13%
I am not familiar with this CRCP service or program and I would like to know more about it.	99	31.43%
I am familiar with this CRCP service or program and I feel it is not important.	4	1.27%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
It is important and would like to managed areas northward of Miami.	1	0.32%
not familiar	1	0.32%
Planned to death - insufficient action.	1	0.32%
professional and non partisian members who assess all sides of the use and planning	1	0.32%
Same as No. 1	1	0.32%
Sounds like too little too late. I am going to a beach renourishment meeting tonight in Saint Lucie County, where they are going to dredge and fill the southern end of the County. This will be the first time for this area and they will be burrying hard bottom. Where are YOU !	1	0.32%
Very important: should go farther prohibit spear-fishing throughout the coastal area (too disruptive on adult fish species) and more anchoring bouy areas).	1	0.32%
we need to start the process to establish MPAs in the SE Florida region	1	0.32%

4. 1.4 Education and Outreach Program

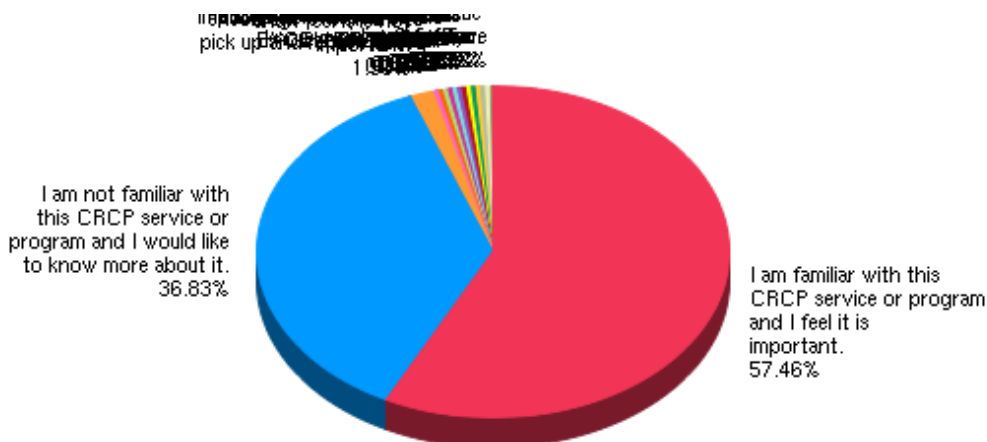

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	210	66.67%
I am not familiar with this CRCP service or program and I would like to know more about it.	88	27.94%
I am familiar with this CRCP service or program and I feel it is not important.	4	1.27%
Education of the public about the problems is vital for their cooperation and support.	1	0.32%
familiar with, but would like more involvement in public schools	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I have attended outreach events (ID classes) but can't honestly say I know what else is going on and I do look	1	0.32%
I have participated in some of the outreach programs and some have been helpful	1	0.32%
i know there is a program available, but not sure what format. Please contact me for next school year.	1	0.32%
It is not unimportant. However, it is not as important nor as successful as people think it is.	1	0.32%
not familiar	1	0.32%
not familiar, very important, would like to knom more about this.	1	0.32%
See above	1	0.32%
SEFCRI Media (good) EXPO and outreach (poor)	1	0.32%
What outreach ?	1	0.32%

5. 1.5 Reef Injury Prevention and Response Program

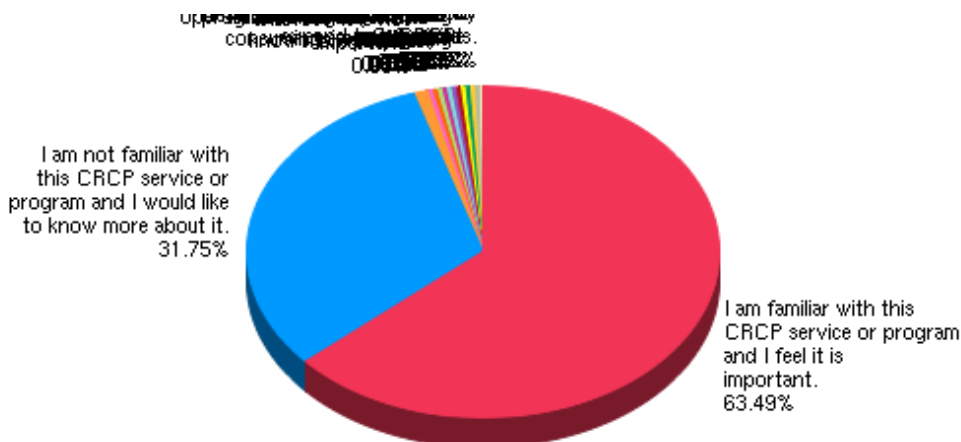

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	190	60.32%
I am not familiar with this CRCP service or program and I would like to know more about it.	107	33.97%
I am familiar with this CRCP service or program and I feel it is not important.	4	1.27%
After this oil rig spill, imperative to save what we have. Gov. Crisit is wrong to get money for marketing tourism. Should take money for air fares to volunteer to help the reefs!	1	0.32%
At every boat launching tramp!	1	0.32%
Good program but regulatory prevention is best approach	1	0.32%
I am not aware of any staff actually responding to injured reefs	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
needs to do more	1	0.32%
NO anchor zones and shiping lanes need to be extended.	1	0.32%
No real prevention taking place.	1	0.32%
not familiar	1	0.32%
Recent oil spill is disheartening to say the least. Can something be done to make BP responsible for more than what they have "capped" in liabilities (the ONLY thing that can be capped, eh????)	1	0.32%
See above	1	0.32%
See No. 1	1	0.32%
Very Important, especially in response to the BP disaster	1	0.32%

6. 1.6 Marine Debris Reporting and Removal Program

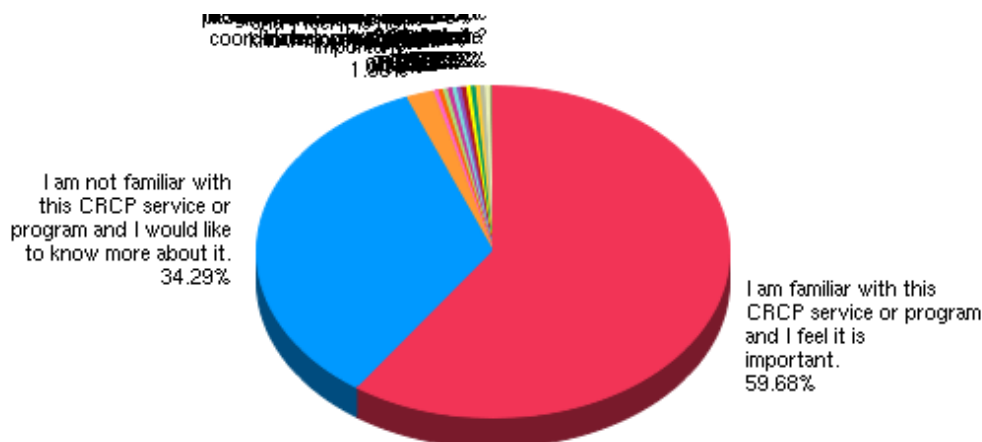

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	181	57.46%
I am not familiar with this CRCP service or program and I would like to know more about it.	116	36.83%
I am familiar with this CRCP service or program and I feel it is not important.	5	1.59%
devise methods to encourage pvt divers to pick up and report issues	1	0.32%
EXCELLENT IDEA	1	0.32%
Familiar, and while not unimportant, is of lesser importance than the other programs.	1	0.32%
I am familiar with the program and would like to know more about what I can do to help.	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I don't think this is a critical program for CRCP to managed, many other groups could do this and alow CRCP to focus on more important issues and needs.	1	0.32%
I was unaware of this program	1	0.32%
midium priority	1	0.32%
Not as important as many other issues but gets good media.	1	0.32%
not familiar	1	0.32%
Ocean Conservancy baech clean-ups documents types of debris collected to detremine where it came from.	1	0.32%
See above	1	0.32%

7. 1.7 Southeast Florida Coral Reef Evaluation & Monitoring Project

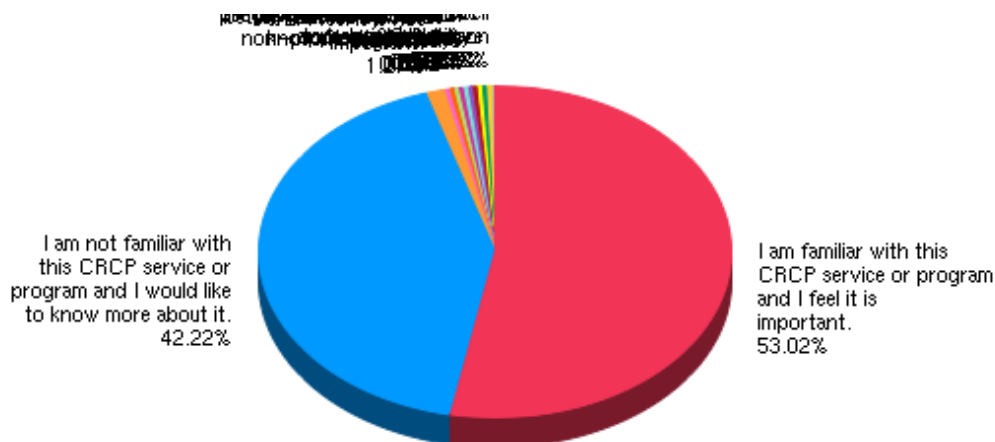

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	200	63.49%
I am not familiar with this CRCP service or program and I would like to know more about it.	100	31.75%
I am familiar with this CRCP service or program and I feel it is not important.	3	0.95%
I am familiar with this CRCP service or program and I feel it is important. There are better ways to broaden the scope of the program by utilizing the eyes of local fisherman and dive operators throughout the areas.	1	0.32%
I am manufacturing instruments for this purpose	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I think it is important to monitor benthic organisms and document changes and trends, but I think that monitoring percent cover is not the best approach. A program that incorporates population level characteristics (density, size class structure, recruitment, mortality) would be more telling though also more time consuming (expensive).	1	0.32%
I was unaware of this program	1	0.32%
Martin and Palm Beach counties were left out of surveying due to staffing and funding	1	0.32%
not familiar	1	0.32%
Program needs to be expanded to sample at least quarterly. Also needs a research component to address mechanisms & to be incorporated into an adaptive management framework within the CRCP.	1	0.32%
See above	1	0.32%
this program needs to expand to more sites	1	0.32%
Too much money, time and effort spent on technical reports that nobody reads.	1	0.32%

8. 1.8 Southeast Florida Coral Reef Water Quality Monitoring Project

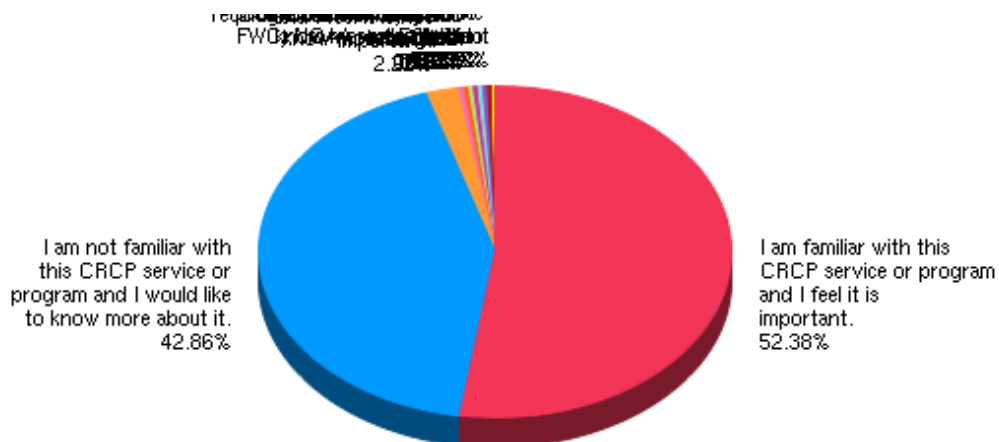

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	188	59.68%
I am not familiar with this CRCP service or program and I would like to know more about it.	108	34.29%
I am familiar with this CRCP service or program and I feel it is not important.	6	1.90%
I am manufacturing instruments for this purpose	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I was unaware of this program	1	0.32%
Keep it simple, publish data to let people know it's being monitored.	1	0.32%
Needs to be expanded and coordinated with CREMP.	1	0.32%
not familiar	1	0.32%
not familiar, very important, would like to know more about this.	1	0.32%
See above	1	0.32%
This is extremely important, though I think additional sites besides those tied to the benthic monitoring sites is important (e.g. sites near inlets, near shore/offshore couplings, etc).	1	0.32%
this program also needs to get underway and to expand.	1	0.32%
this program never happened, Oceanic surveys were not done	1	0.32%
Will we be appraised of the situation at the beaches when we go to the beach?	1	0.32%

9. 1.9 Southeast Florida Marine Event Response Program

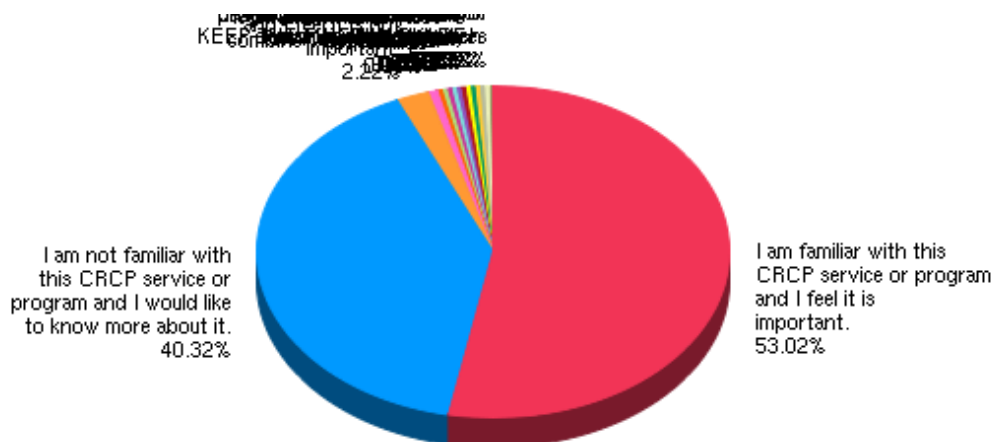

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	167	53.02%
I am not familiar with this CRCP service or program and I would like to know more about it.	133	42.22%
I am familiar with this CRCP service or program and I feel it is not important.	4	1.27%
better handled by other agencies	1	0.32%
don't know, not interested	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I presume this means repair of damaged reefs see at end of this survey!	1	0.32%
I was unaware of this program. I do know of non-profits that do this	1	0.32%
It's never going to do anything.	1	0.32%
not familiar	1	0.32%
perhaps this should not be the responsibility of USCG belong to a more appropriate agency.	1	0.32%
See above	1	0.32%
there are many to help and would answer the bell to help if called upon	1	0.32%

10. 1.10 Review of proposed regulatory (permitted) projects

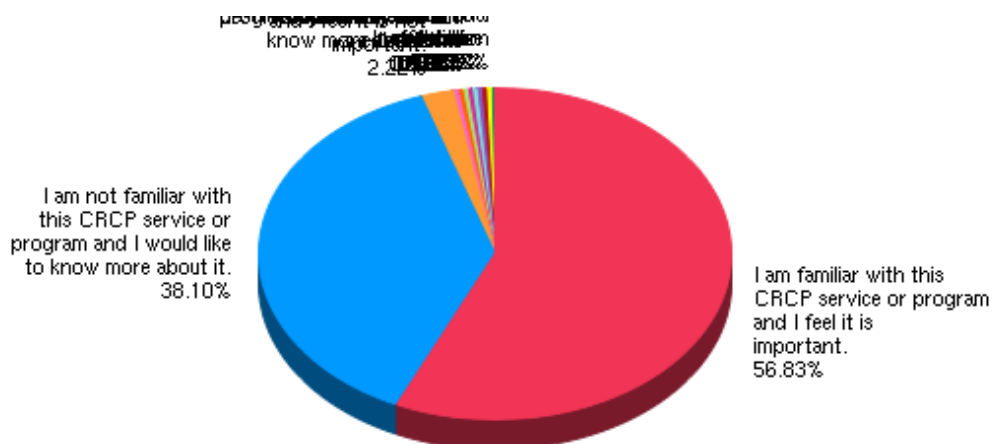

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	165	52.38%
I am not familiar with this CRCP service or program and I would like to know more about it.	135	42.86%
I am familiar with this CRCP service or program and I feel it is not important.	7	2.22%
Comments and recommendations carry no weight.	1	0.32%
don't know, not interested	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
not familiar	1	0.32%
not familiar, very important, would like to know more about this.	1	0.32%
Not sure how this is different than what the FWC, NOAA and Corps do	1	0.32%
redundant	1	0.32%

11. 1.11 Marine Regulation Awareness Program

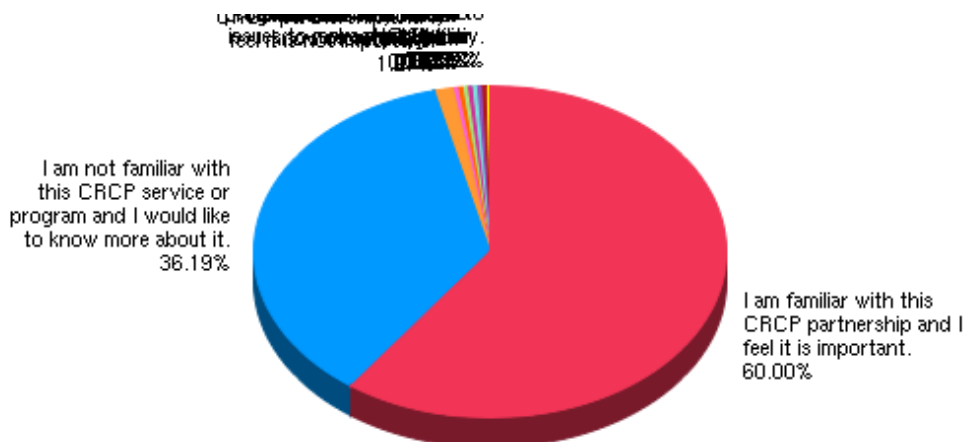

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	167	53.02%
I am not familiar with this CRCP service or program and I would like to know more about it.	127	40.32%
I am familiar with this CRCP service or program and I feel it is not important.	7	2.22%
not familiar	2	0.63%
I am not familiar with this CRCP service or program and I would like to know more about it. My general snese is that most boaters either don't care or don't know about marine regualtion. Why should they care about legislation that carries no penalty?	1	0.32%
combine 1.11 and 1.12	1	0.32%
don't know, not interested	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I think SEFCRI should provide input, and have FWC manage/be involved to a greater degree with this effort	1	0.32%
I was unaware of this program	1	0.32%
medium priority	1	0.32%
NO! Like "driving school", it's a joke. KEEP THE FINES IN PLACE.	1	0.32%
not familiar, very important, would like to knom more about this.	1	0.32%
Seems like the one area that can be cut during a budget crunch	1	0.32%
would like to see more public awareness campaigns, I feel the people this reaches the most are those that are already involved in some kind of conservation effort, but we need to reach those that are not familiar or unaware of destructive consequences	1	0.32%

12. 1.12 Coral Reef Awareness Training Program

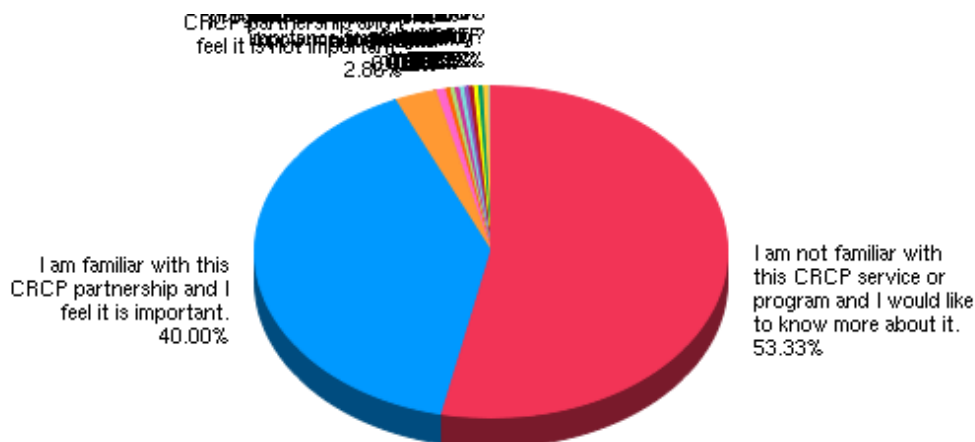

Item	Count	Percent %
I am familiar with this CRCP service or program and I feel it is important.	179	56.83%
I am not familiar with this CRCP service or program and I would like to know more about it.	120	38.10%
I am familiar with this CRCP service or program and I feel it is not important.	7	2.22%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I have participated in some of the outreach programs but have not really benefited from them	1	0.32%
I think awareness/training is good but feel you get more out of reaching to public officials and media events	1	0.32%
Ineffective	1	0.32%
more public outreach to schools	1	0.32%
not familiar	1	0.32%
see above	1	0.32%
would like additional education	1	0.32%

13. 2.1 U.S. Coral Reef Task Force

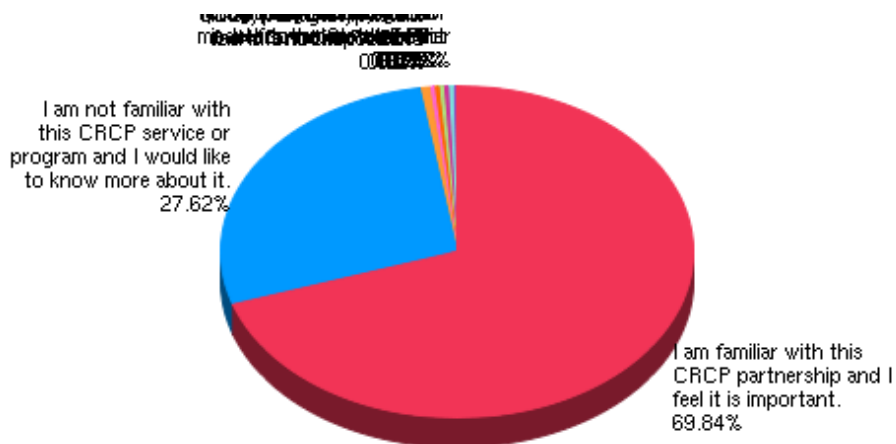

Item	Count	Percent %
I am familiar with this CRCP partnership and I feel it is important.	189	60.00%
I am not familiar with this CRCP service or program and I would like to know more about it.	114	36.19%
I am familiar with this CRCP partnership and I feel it is not important.	4	1.27%
Have heard of it and know people involved but do not know what they actually do	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I am unfamiliar with this program	1	0.32%
I do know of the program but am not familiar with their role in coral reef issues to make a comment	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
not familiar	1	0.32%
Too big to be effective - a waste of money	1	0.32%
When I lived in Broward County the Coral Reef Task Force seemed politically attached to NOVA Univ.	1	0.32%

14. 2.2 U.S. All Islands Coral Reef Committee

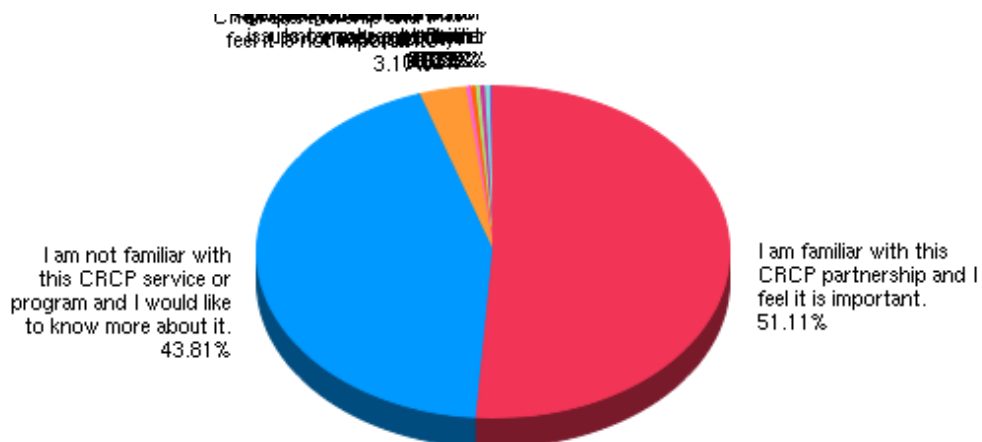

Item	Count	Percent %
I am not familiar with this CRCP service or program and I would like to know more about it.	168	53.33%
I am familiar with this CRCP partnership and I feel it is important.	126	40.00%
I am familiar with this CRCP partnership and I feel it is not important.	9	2.86%
not familiar	2	0.63%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I am not familiar, it is important.	1	0.32%
I am unfamiliar with this program	1	0.32%
I don't know much about it but what I do know is the organization/ committee is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
Moderate relative importance for South FL.	1	0.32%
not familiar, but sounds important	1	0.32%
Not unimportant, just of lesser importance. Methodologies used elsewhere (watershed approach) aren't applicable in SE FL region.	1	0.32%
redundancy	1	0.32%
Redundant to efforts w/ USCRTF	1	0.32%
What authority to DO anything?	1	0.32%

15. 2.3 NOAA Coral Reef Conservation Program

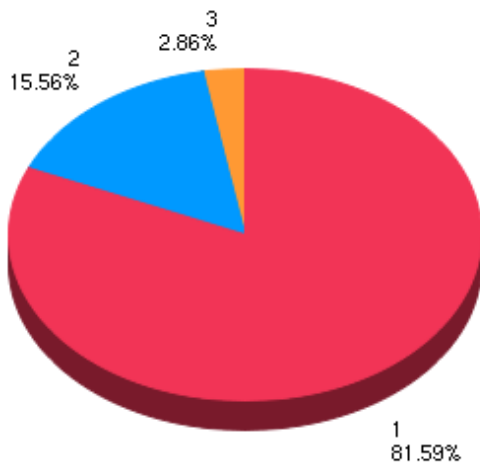

Item	Count	Percent %
I am familiar with this CRCP partnership and I feel it is important.	220	69.84%
I am not familiar with this CRCP service or program and I would like to know more about it.	87	27.62%
I am familiar with this CRCP partnership and I feel it is not important.	2	0.63%
Good, but again, educate and inform the PUBLIC	1	0.32%
Great program and good model for the State of FL	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I know of the program but am not familiar with their role in coral reef issues to make a comment	1	0.32%
not familiar	1	0.32%

16. 2.4 Florida Reef Resilience Program

Item	Count	Percent %
I am familiar with this CRCP partnership and I feel it is important.	161	51.11%
I am not familiar with this CRCP service or program and I would like to know more about it.	138	43.81%
I am familiar with this CRCP partnership and I feel it is not important.	10	3.17%
Again, a good effort that needs publicity.	1	0.32%
I am not familiar with this CRCP service or program and I may like to know more about it.	1	0.32%
I am unfamiliar with this program	1	0.32%
I don't know much about it but what I do know is the organization is to help keep and maintain the reefs health from the destruction humans do to them.	1	0.32%
I know of the program but am not familiar with their role in coral reef issues to make a comment	1	0.32%
not familiar	1	0.32%

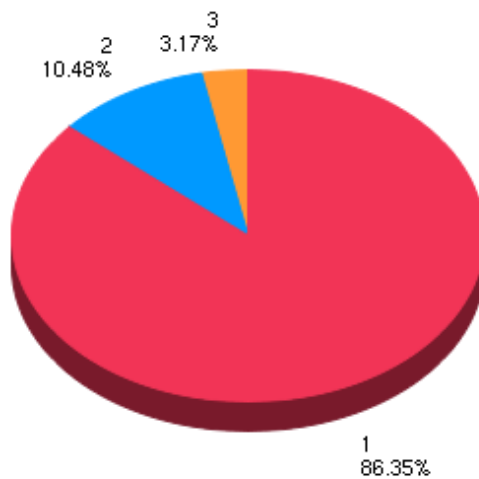

17. 3.1 Define a managed area for the mainland southeast Florida reef system and recommend managed area alternatives based on management goals, best available science, monitoring results and stakeholder input.

Item	Count	Percent %
1	257	81.59%
2	49	15.56%
3	9	2.86%

Average: 1.21

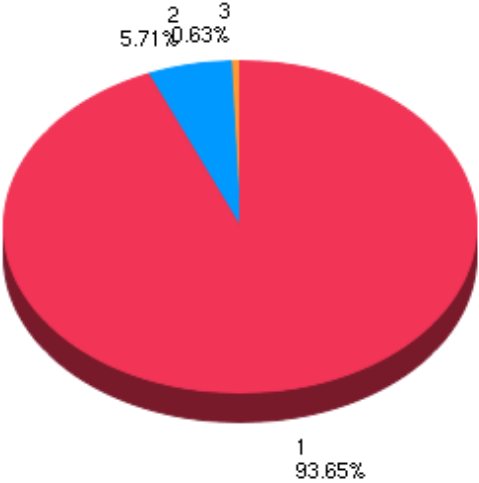

18. 3.2 Work collaboratively with partners to develop, implement and support action plans including monitoring, research, stakeholder communication and response strategies to support management of the Florida Reef Tract (from Martin County to the Dry Tortugas) as a holistic system.

Item	Count	Percent %
1	272	86.35%
2	33	10.48%
3	10	3.17%

Average: 1.17

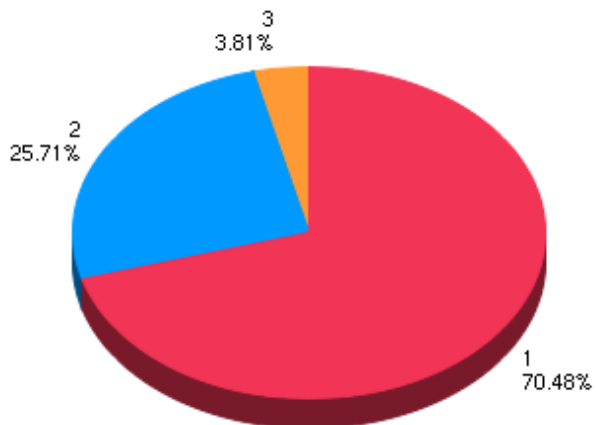

19. 3.3 Reduce the impacts of land-based sources of pollution.

Item	Count	Percent %
1	295	93.65%
2	18	5.71%
3	2	0.63%

Average: 1.07

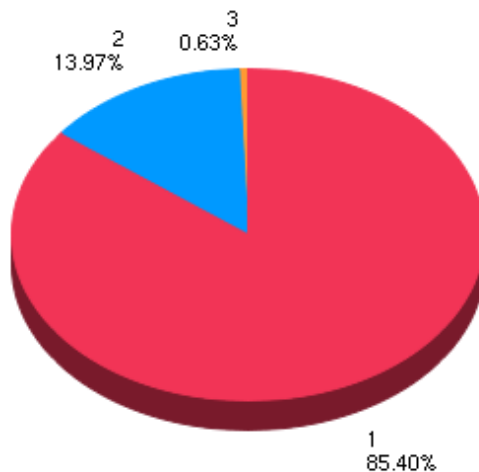

20. 3.4 Reduce the impacts from extractive and non-extractive recreational and commercial uses.

Item	Count	Percent %
1	222	70.48%
2	81	25.71%
3	12	3.81%

Average: 1.33

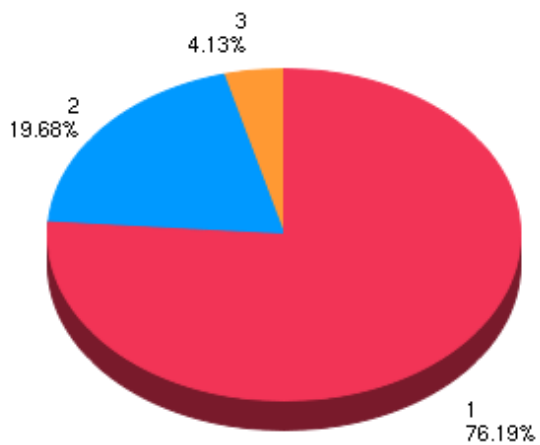

21. 3.5 Support habitat restoration efforts, where appropriate, to benefit coral reef conservation and reduce coastal development impacts on reef resources (e.g. vegetated sand dunes, wetlands, mangroves).

Item	Count	Percent %
1	269	85.40%
2	44	13.97%
3	2	0.63%

Average: 1.15

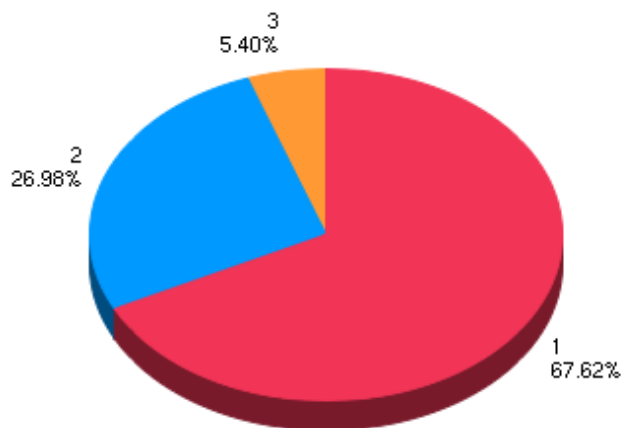

22. 3.6 Increase capacity to prevent and respond to coral reef injuries associated with vessel impacts and non-regulated activities (e.g. groundings, anchoring, marine towing).

Item	Count	Percent %
1	240	76.19%
2	62	19.68%
3	13	4.13%

Average: 1.28

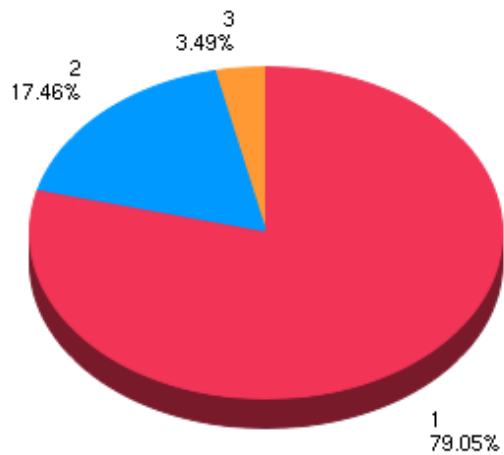

23. 3.7 Promote the development and implementation of new SEFCRI local action strategies to address existing or emerging local threats to coral reef conservation.

Item	Count	Percent %
1	213	67.62%
2	85	26.98%
3	17	5.40%

Average: 1.38

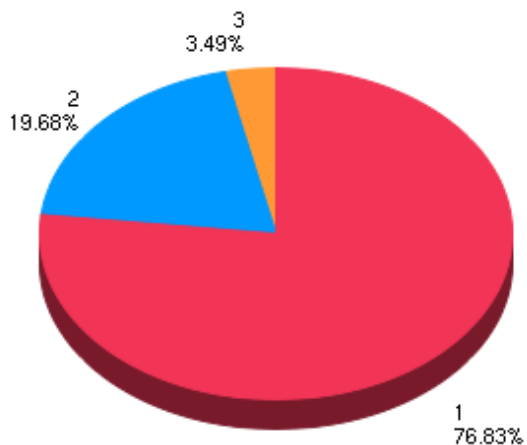

24. 3.8 Support and, where possible, strengthen agency capacity and authorities to conserve coral reefs.

Item	Count	Percent %
1	249	79.05%
2	55	17.46%
3	11	3.49%

Average: 1.24

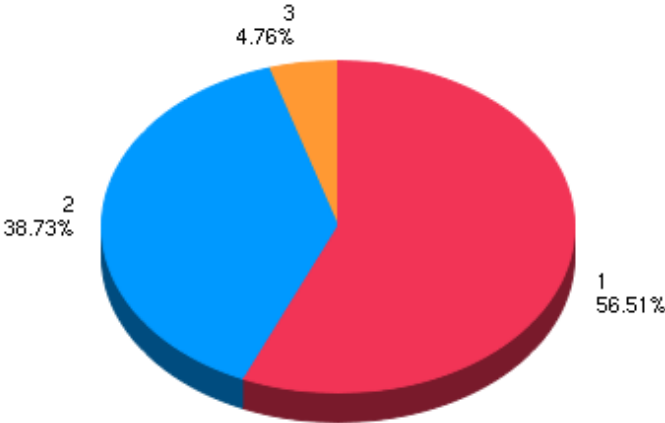

25. 3.9 Increase support of inter- and intra- agency regulatory programs and the coastal construction industry through permit review and implementation of new tools to minimize coral reef impacts and improve the efficacy of associated monitoring and mitigation.

Item	Count	Percent %
1	242	76.83%
2	62	19.68%
3	11	3.49%

Average: 1.27

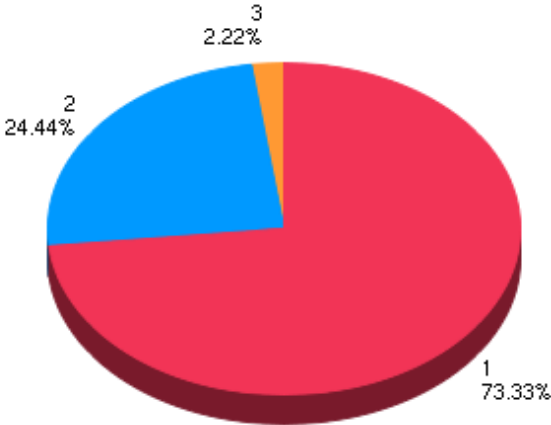

26. 4.1 Maintain and update CRCP and SEFCRI websites.

Item	Count	Percent %
1	178	56.51%
2	122	38.73%
3	15	4.76%

Average: 1.48

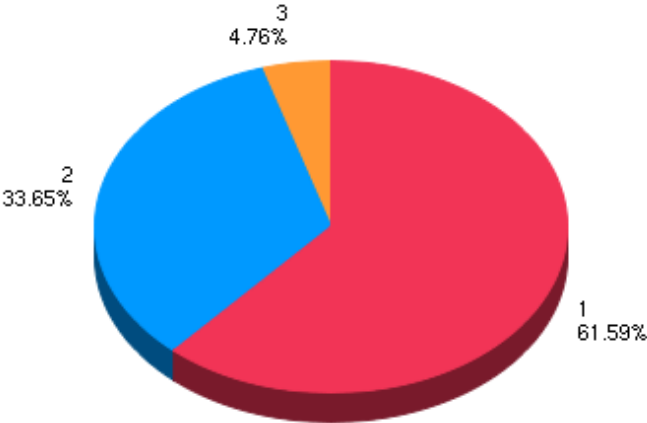

27. 4.2 Maintain a presence at community events with supporting education and outreach materials.

Item	Count	Percent %
1	231	73.33%
2	77	24.44%
3	7	2.22%

Average: 1.29

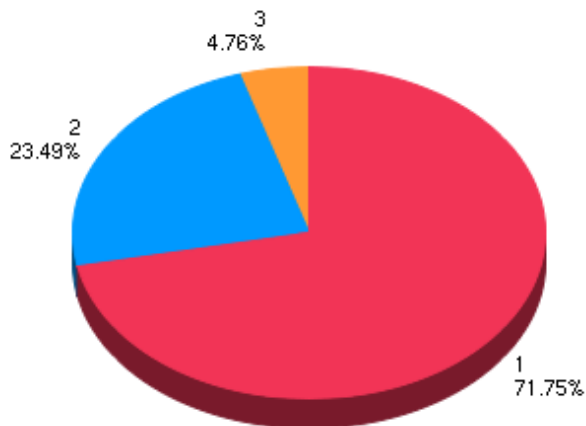

28. 4.3 Sustain the ongoing multimedia public service announcement campaign.

Item	Count	Percent %
1	194	61.59%
2	106	33.65%
3	15	4.76%

Average: 1.43

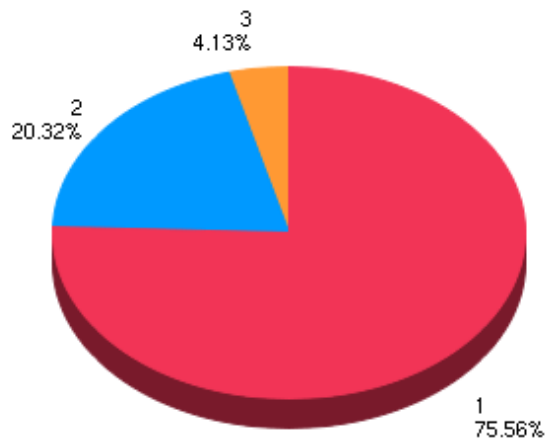

29. 4.4 Develop and implement an outreach campaign to minimize, and where possible eliminate, recreational and marine event anchoring on Florida’s reefs (e.g. conduct outreach patrols on the water).

Item	Count	Percent %
1	226	71.75%
2	74	23.49%
3	15	4.76%

Average: 1.33

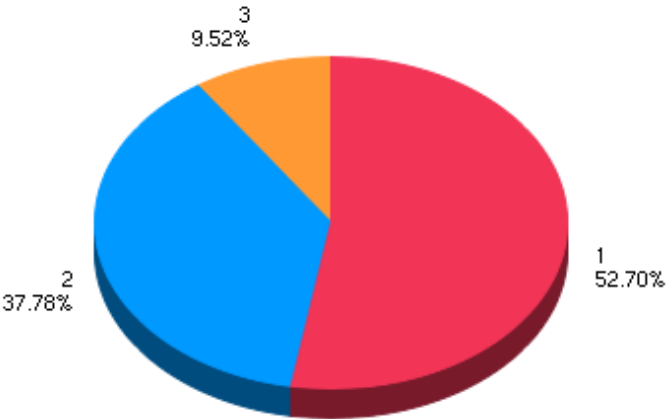

30. 4.5 Continue to conduct coral reef teacher trainings.

Item	Count	Percent %
1	238	75.56%
2	64	20.32%
3	13	4.13%

Average: 1.29

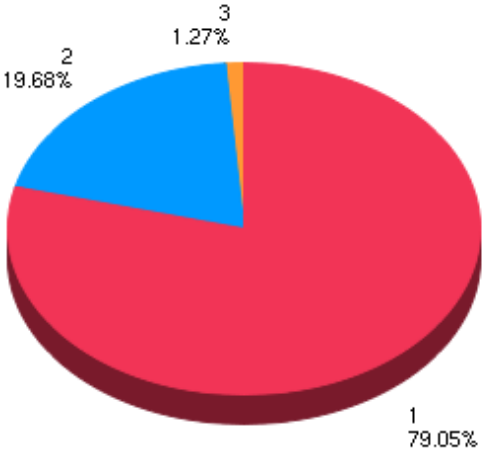

31. 4.6 Continue to produce and distribute the Southeast Florida Reef News newsletter.

Item	Count	Percent %
1	166	52.70%
2	119	37.78%
3	30	9.52%

Average: 1.57

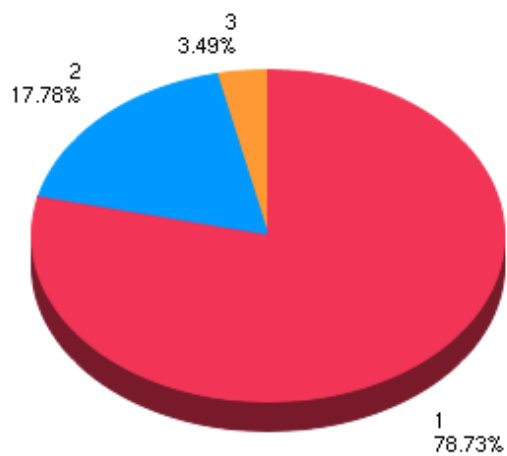

32. 4.7 Expand education programs that inform stakeholders about regulations and best practices when boating, fishing and diving (e.g. Marine Regulation Awareness Program).

Item	Count	Percent %
1	249	79.05%
2	62	19.68%
3	4	1.27%

Average: 1.22

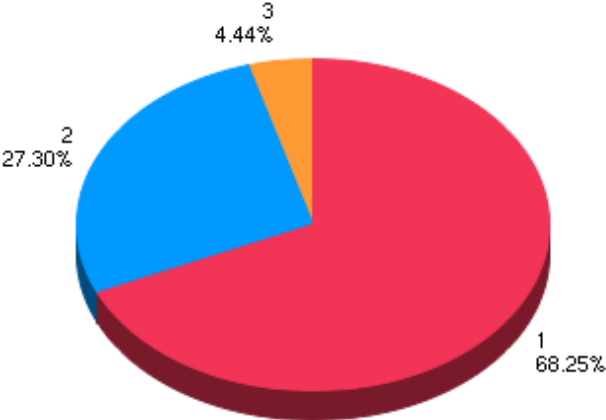

33. 4.8 Disseminate coral reef awareness and protection materials to boaters, anglers and divers through targeted organizations/publications (e.g. National Association of State Boating Law Administrators, Fishing Lines, local dive instructors).

Item	Count	Percent %
1	248	78.73%
2	56	17.78%
3	11	3.49%

Average: 1.25

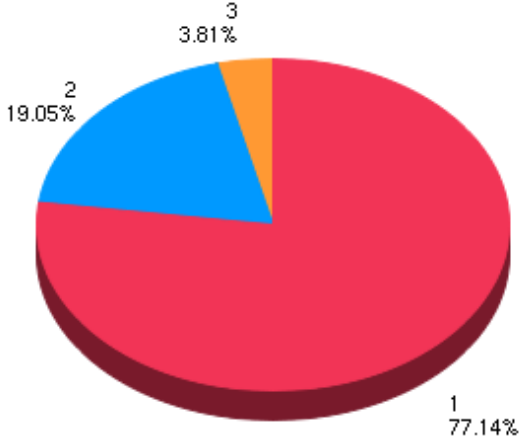

34. 4.9 Compile and disseminate coral reef awareness and protection information, specifically targeting new southeast Florida residents.

Item	Count	Percent %
1	215	68.25%
2	86	27.30%
3	14	4.44%

Average: 1.36

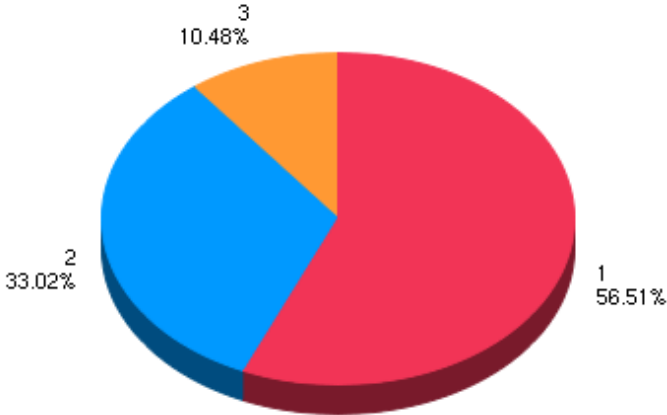

35. 4.10 Continue to support regional reef and coastal cleanup events that complement the FDEP CRCP Marine Debris Program.

Item	Count	Percent %
1	243	77.14%
2	60	19.05%
3	12	3.81%

Average: 1.27

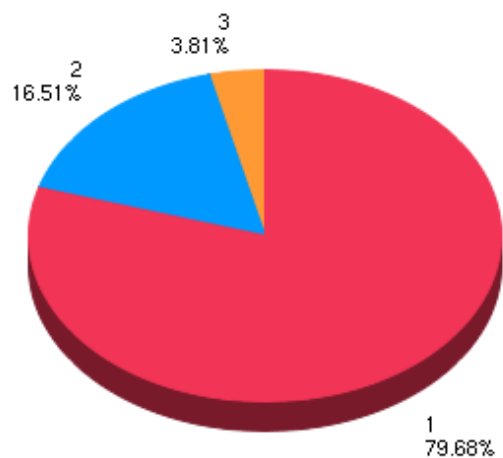

36. 4.11 Develop and implement a storm drain labeling program.

Item	Count	Percent %
1	178	56.51%
2	104	33.02%
3	33	10.48%

Average: 1.54

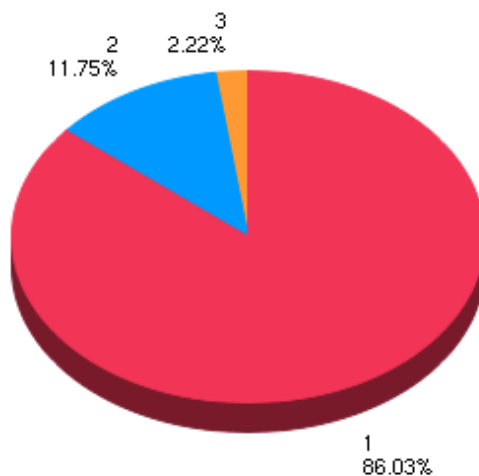

37. 5.1 Sustain and expand (e.g. sites, frequency, parameters) the long-term Southeast Florida Coral Reef Water Quality Monitoring Program, and link the results to benthic habitat monitoring data, to aid in determining linkages between environmental factors and changes in the local coral reef community.

Item	Count	Percent %
1	251	79.68%
2	52	16.51%
3	12	3.81%

Average: 1.24

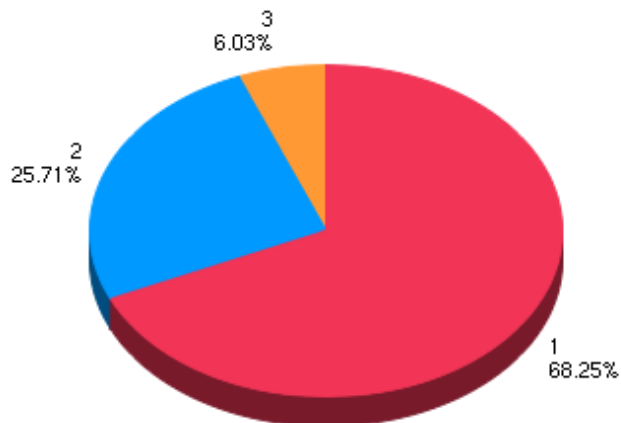

38. 5.2 Identify cause and effect relationships between land-based sources of pollution and adverse effects on reef resources (e.g. biomarker studies).

Item	Count	Percent %
1	271	86.03%
2	37	11.75%
3	7	2.22%

Average: 1.16

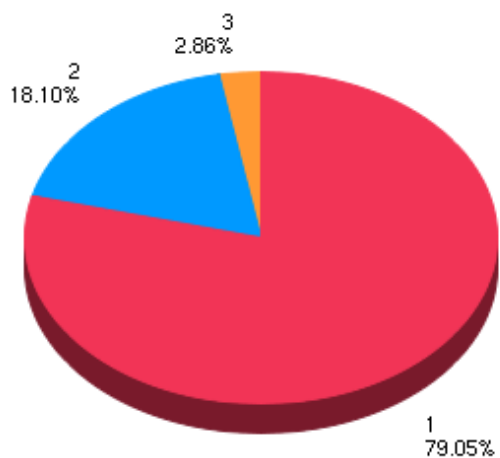

39. 5.3 Support development and implementation of numeric nutrient criteria for coral reefs.

Item	Count	Percent %
1	215	68.25%
2	81	25.71%
3	19	6.03%

Average: 1.38

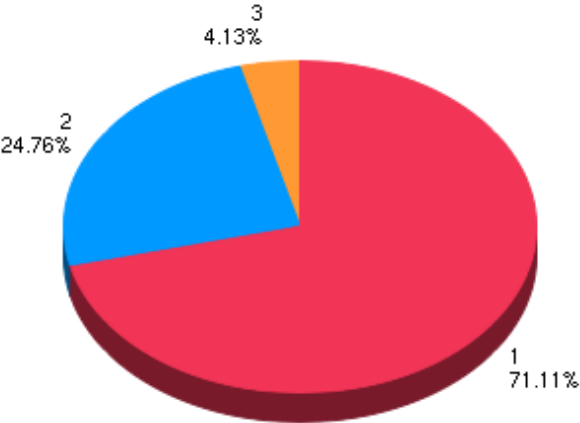

40. 5.4 Continue to characterize and quantify amount and flux of pollution sources to the reef at appropriate intervals.

Item	Count	Percent %
1	249	79.05%
2	57	18.10%
3	9	2.86%

Average: 1.24

41. 5.5 Engage in Comprehensive Everglades Restoration Plan and other related activities and meetings.

Item	Count	Percent %
1	224	71.11%
2	78	24.76%
3	13	4.13%

Average: 1.33
