

## Situation Report # 70

Wednesday, July 07, 2010 at 1200 hrs EDT

**Charlie Crist**  
Governor

**David Halstead**  
State Coordinating Officer

### Weather Summary:

- Southerly swells from the tropical wave in the southern Gulf of Mexico combined with moderate to strong southeast winds around 10-15kts will result in wave heights of 3-6 feet along the Panhandle coast today, with offshore wave heights between 7 and 10 feet possible today. Though these conditions may hamper oil recovery and booming operations, rain chances will decrease each day. Offshore, no oil has been observed within or moving towards Eddy Franklin and there is no clear path for oil to enter the Florida Straits. A tropical wave over the southern Gulf of Mexico has been given a 40% chance of becoming a tropical cyclone within the next 48 hours as it moves west-northwestward at 10-15mph.

### Current Situation:

- Florida beaches are open.
- Estimated release rate of oil from Deepwater Horizon at 35,000 to 60,000 barrels per day. Optimization of the dual recovery system (LMRP Cap and Q4000) continues; total oil recovered approximately 24,760 barrels on 7/06/10.
- This event has been designated a Spill of National Significance.
- Unified Area Command continues with a comprehensive oil well intervention and spill response planning following the April 22 sinking of the Transocean Deepwater Horizon drilling rig 130 miles southeast of New Orleans.
- More than 45,000 personnel are working the on and offshore response.
- Oil-water mix recovered: nearly 28.6 million gallons
- Response vessels available: more than 6,920
- Response aircraft available: 109
- Dispersant (in gallons): more than 1.71 million deployed
- There is no planned use of dispersants in Florida waters.

### Florida Specific:

- Oil Impact Notice have been posted to include: Escambia County, all Gulf side beaches; Walton County, all Gulf beaches, Okaloosa County, Brackin Wayside Park, Henderson Park Beach, and James Lee Park.
- Tar balls, tar patties and sheen have been reported in Northwest Florida, though fewer impacts have been observed due to westward-moving winds and ocean currents.
- Pensacola Pass as well as Perdido Pass will continue to be closed with the tide to reduce the amount of oil from entering inland waters. These waterways are manned to allow access to necessary vessel traffic during low tide.
- Oil Containment Boom (in feet) total: 718,661 deployed in Florida.
  - Tier 1 & Tier 2: 435,600 / Tier 3: 283,061
- In accordance with established plans, protective booming, staging, and boom maintenance is being conducted along the coast from Escambia to Franklin.
- 285 vessels are deployed in Florida for the Vessels of Opportunity program.
- 1,414 Qualified Community Responders are actively working in the Florida Panhandle.
- Federal Fishery closure, west of Cape San Blas to state line. (see NOAA FB10-060).
- According to the NOAA oil plume model, the oil plume is 64 miles from Pensacola, 136 miles from Panama City and 333 miles from St. Petersburg. NOAA trajectory forecasts keep most of the oil away from the Florida coastline with no direct impacts and the uncertainty line only reaching as far to the east as the Florida/Alabama border through Friday.
- In addition to \$100,000 for Volunteer Florida to maintain a volunteer registration database, BP has issued over \$75 million in grants to Florida for booming, a national tourism advertising campaign, and the state's preparedness and response efforts. An additional \$500,000 has been issued by BP to fund two innovative technology solutions for Okaloosa County.
- BP claims in Florida total 26,408 with approximately \$25,561,278.46 paid.

### Florida Information Lines:

- The Florida Oil Spill Information Line (FOSIL) is available from 8am-6pm EDT daily.
  - English - (888) 337-3569
  - Haitian Creole - (877) 955-8707
  - Spanish - (877) 955-8773
  - TDD - (800) 955-8771
  - Voice - (800) 955-8770
- For general health/exposures information questions related to the oil spill, contact the Florida Poison Control Center at (800) 222-1222.
- Two public hotline numbers for oil spill investigation and cleanup:
  - Impacted Wildlife: (866) 557-1401
  - Oiled Shoreline: (877) 2-SAVE-FL or #DEP for cellular devices
- The Florida Department of State has established a hotline for archeological, historical preservation, and tribal lands that may be impacted by the Deepwater Horizon incident: (850) 245-6530.

### Information Websites:

- Volunteer registration: [www.VolunteerFlorida.org](http://www.VolunteerFlorida.org) and click "Register to Help"
- Health advisories: <http://www.dep.state.fl.us/deepwaterhorizon/health.htm>
- State sampling data: [www.nrdata.org](http://www.nrdata.org)
- GATOR web mapping application: <http://map.floridadisaster.org/gator/>
- Recovery related jobs: <http://gulfrecoveryjobs.employflorida.com/>
- NOAA GeoPlatform, response management application: <http://www.geoplatform.gov/gulfresponse/>

### State Actions:

- State Emergency Operations Center (SEOC) is at a Level 1 (Full), operating from 0700 to 1800 EDT, with Florida Department of Environmental Protection (FDEP) as the lead agency.
- Governor's Executive Orders 10-99, 10-100, 10-106 and 10-132 declared a state of emergency for identified counties along the Florida coast.
- Governor's Executive Order 10-101 established the Gulf Oil Spill Economic Recovery Task Force, which will facilitate efforts by Florida businesses and industries to recover the loss of commerce and revenues due to the oil spill.
- The Governor activated Florida's Small Business Emergency Bridge Loan Program to provide emergency, short-term loans to established small businesses in 26 designated counties.
- Conducting daily conference calls with county and emergency management partners, the Federal On-Scene Coordinator, and various Unified Commands.

SERT Personnel - Location	Personnel
Forward-SERT, Mobile Unified Command	23
Florida Peninsula Command, Miami	6
St. Petersburg Branch	3
Area Command in New Orleans, Louisiana	2
Escambia, Santa Rosa, Bay, Gulf	2 each
Okaloosa	1 each

- FEMA is assisting SERT with streamlining financial reimbursement processing.
- Florida Fish and Wildlife Conservation Commission (FWC) executive order (EO 10-29) temporarily closes a portion of coastal state waters offshore of Escambia County to the harvest of saltwater fish, crabs and shrimp. Recreational catch and release is allowed.
- A SERT Toxicological Data Analysis Cell is providing consistent scientific assessments of collected sampling to inform local/state decision making.
- The Agency for Workforce Innovation and Regional Workforce Boards are identifying and filling jobs related to the oil spill: 11,606 positions advertised; 34,472 applicants referred.
- 100 Florida National Guard personnel on duty at various duty posts in the Deepwater Horizon area of operations.
- 18,529 volunteers have registered to respond to Deepwater Horizon. 21,285 volunteer hours have been worked.
- Conducting daily reconnaissance flights and shoreline patrol from Escambia to Franklin Counties for impact. Real time reconnaissance reports are being entered into GATOR.
- Currently, Florida's coast has 9 decontamination sites for response vessels and 8 that are being operated for commercial vessels. A site for recreational vessel decontamination has also been established and additional recreational vessel sites are in negotiations with BP.

### Recovered Oiled Birds:

	Recovered alive*	Released	Died or euthanized	Still in Rehab	Recovered Dead	Total Recovered	Total Dead
7/06/10	0		4	48	3	3	
Total	138	3	87		111	249	198

See the consolidated wildlife report updated by noon each day:  
<http://www.deepwaterhorizonresponse.com/go/doctype/2931/55963>

- The Boom Coordination Cell continues to coordinate additional boom requests. The Innovative Technology Cell continues to assess alternative clean-up technologies suggested by the public and stakeholders.
- The Small Business Administration has issued an Economic Injury Disaster Loan Declaration for the State of Florida. Disaster Loan Outreach Centers are open in 8 counties. Loan Applications:
  - Issued: 516 Accepted: 137 Declined: 45 Approved: 24
  - Loan amount approved: \$2,617,400.00

### Local States of Emergency

- Escambia: Expires on 7/07/10
- Santa Rosa: Expires on 7/09/10
- Okaloosa: Concurrent with State
- Walton: Expires on 7/09/10
- Bay: Expires on 7/08/10
- Gulf: Expires on 7/12/10
- Franklin: Expires on 7/12/10
- Wakulla: Expires on 7/12/10
- Jefferson: Expires on 7/08/10
- Dixie: Expires on 7/08/10
- Sarasota: Expires on 7/12/10

### County EOC Activations

- Escambia, Level 2 (Partial)
- Santa Rosa, Level 2 (Partial)
- Okaloosa, Level 2 (Partial)
- Walton, Level 2 (Partial)
- Bay, Level 2 (Partial)
- Gulf, Level 2 (Partial)
- Franklin, Level 2 (Partial)
- Wakulla, Level 2 (Partial)
