

FLORIDA DEEPWATER HORIZON RESPONSE WEEKLY UPDATE

January 25, 2012

Gulf Coast Incident Management Team/Florida Branch

- Gulf Coast Incident Management Team (GCIMT) remains active in New Orleans with the Florida Branch Office located in Mary Esther, FL.
- Supporting the GCIMT is Darryl Boudreau (FDEP), State On-Scene Coordinator, and George Henderson (FWC), State Scientific Support Coordinator. Darryl staffed the GCIMT office with George providing remote support.
- Representatives from the U.S. Coast Guard (USCG), FDEP and BP are staffing the Florida Branch Office.
- The Florida Branch, is supervising the activities of two Divisions, staffed by BP and their contract personnel with USCG oversight:
 - Division 1 - Western Escambia County (Perdido Key)
 - Division 2 - Eastern Escambia (Pensacola Beach), Santa Rosa, Okaloosa, Walton, Bay, Gulf, Franklin and Wakulla Counties.

Florida Activities

- A weekly FL command conference call for response activities is held every Wednesday at 8 am CDT. This call includes personnel supporting the GCIMT, FL Branch (FDEP, USCG, & BP Branch Director) and Department of Emergency Management (DEM).
- Three Shoreline Cleanup Assessment teams (SCAT), that include FDEP personnel, continue to conduct scientific assessments of the FL coast on a daily basis. Teams document oil found and provide cleanup recommendations.
- Product continues to be collected, documented and weighed by segment on a daily basis.

Weekly Totals (Lbs)							
Counties	Escambia	Okaloosa	Walton	Bay	Gulf	Franklin	Total
Material Collected	514.76	6.84	6.23	0	0	0	527.83
Oiled Debris	15.30	0	0	0	0	0	15.30
Total- to date	2,795,976	39,842	15,606	4,019	329	138	2,855,910

*Material collected totals represent work completed through these dates 1.19.12 - 1.25.12 - Note Bay, Gulf, and Franklin Counties are out of active response.

Florida Activities continued

- The final version of the GCIMT Phase III Response Activities Completion Plan is still under review by the four states and is expected to be signed end of this week or next week.
- The Army Corps of Engineers Lower Pensacola Harbor Dredge Project is complete. All equipment has been removed from Perdido Key Gulf Islands National Seashore. The administrative hold has been removed for segments FLES1-024 to 030. Operations will resume regular Patrol and Maintenance activities on these segments on January 30th.
- The State approved the following document(s)/plan(s):
 - Shoreline Inspection Report (SIR-(1)) - for segments FLES1-048, FLWA2-001, 002, 004 to 006, 008, 010, 032, 035, 036, 038 and 040. These segments met shoreline cleanup criteria and in accordance with the SCCP will be transferred into SCAT monitoring for a minimum of 30 days prior to conducting a second SIR (SIR-(2)).
 - Shoreline Inspection Reports (SIR-(2)) - for segments FLWA2-037 and 039. These segments met shoreline cleanup criteria and will be removed from the response.
 - Shoreline Inspection Reports (SIR's) -Franklin County Divisions 1, 2 and 3 and Gulf Division 2- all segments (included segments that were surveyed Post Hurricane Season as well as segments already deemed complete).
