

FLORIDA DEEPWATER HORIZON RESPONSE WEEKLY UPDATE

April 11, 2012

Gulf Coast Incident Management Team/Florida Branch

- Gulf Coast Incident Management Team (GCIMT) remains active in New Orleans with the Florida Branch Office located in Mary Esther, FL.
- Supporting the GCIMT is Darryl Boudreau (FDEP), State On-Scene Coordinator, and George Henderson (FWC), State Scientific Support Coordinator. Darryl and George both staffed the GCIMT office this week.
- Representatives from the U.S. Coast Guard (USCG), FDEP and BP are staffing the Florida Branch Office.
- The Florida Branch, is supervising the activities of two Divisions, staffed by BP and their contract personnel with USCG oversight:
 - Division 1 - Western Escambia County (Perdido Key)
 - Division 2 - Eastern Escambia (Pensacola Beach), Santa Rosa, Okaloosa and Walton Counties.

Florida Activities

- A weekly FL command conference call for response activities is held every Wednesday at 0830 CDT. This call includes personnel supporting the GCIMT, FL Branch (FDEP, USCG, & BP Branch Director) and Department of Emergency Management (DEM).
- Four Shoreline Cleanup Assessment teams (SCAT), that include FDEP personnel, continue to conduct scientific assessments of the FL coast on a daily basis. Teams document oil found and provide cleanup recommendations.
- Product continues to be collected, documented and weighed by segment on a daily basis.

Weekly Totals (Lbs)							
Counties	Escambia	Okaloosa	Walton	Bay	Gulf	Franklin	Total
Material Collected	2,006.82	0.56	3.22	0	0	0	2010.60
Oiled Debris	1.00	0	0	0	0	0	1.00
Total- to date	2,805,368	39,864	15,671	4,019	329	138	2,865,389

*Material collected totals represent work completed through these dates 4.05.12 - 4.11.12 - Note Bay, Gulf, and Franklin Counties are out of active response.

Florida Activities continued

- Operations were stood down April 6th to the 8th in observance of Easter. The Branch resumed normal Patrol and Maintenance activities on the 9th.
- SCAT team 7 was stood up on April 9th. The team was brought in for a week to assist the other SCAT teams in completing a large number of segment completion requests that were submitted by Branch Operations.
- On April 11th, Branch representatives (SCAT, USCG, and the State) held a discussion and made recommendations on ten segments proposed for the next Segment Advancement Process (SAP) meeting that will be held on the 17th. After review of the Branch comments by the Environmental Leads in NOLA, five of these segments will be discussed for advancement with the FOOSC and SOOSC. One segment will be used to discuss issues with the current SAP form being used and alternatives/options to explore in lieu of using the 'Green Box'.
- Operations continues to recover a large amount of subsurface oil within the supratidal zone of Fort Pickens Gulf Islands National Seashore, SCAT segment FLES2-005. Between 4/05/12 and 4/11/12, approximately 1,798 lbs of material was recovered.
- Revised draft OSAT III Charter was released for review. The first team meeting will be held on April 24th.
- The State approved the following document(s)/plan(s):
 - Shoreline Inspection Report (SIR-(1)) - for segments FLOK2-003, 037 and 039; FLWA1-015, 030 and 034; FLWA2-030 and 036. These segments met shoreline cleanup criteria and in accordance with the SCCP will be transferred into SCAT monitoring for a minimum of 30 days prior to conducting a second SIR (SIR-(2)).
