

# FLORIDA DEEPWATER HORIZON RESPONSE WEEKLY UPDATE

June 27, 2012

## Gulf Coast Incident Management Team/Florida Branch

- Gulf Coast Incident Management Team (GCIMT) remains active in New Orleans with the Florida Branch Office located in Mary Esther, FL.
- Supporting the GCIMT is Darryl Boudreau (FDEP), State On-Scene Coordinator (SOSC), and George Henderson (FWC), State Scientific Support Coordinator (SSC). Darryl and George both staffed the GCIMT office this week.
- Representatives from the U.S. Coast Guard (USCG), FDEP and BP are staffing the Florida Branch Office.
- The Florida Branch, is supervising the activities of two Divisions, staffed by BP and their contract personnel with USCG oversight:
  - Division 1 - Western Escambia County (Perdido Key)
  - Division 2 - Eastern Escambia (Pensacola Beach), Santa Rosa, Okaloosa and Walton Counties.

## Florida Activities

- A weekly FL command conference call for response activities is held every Wednesday at 0830 CDT. This call includes personnel supporting the GCIMT, FL Branch (FDEP, USCG, & BP Branch Director) and Department of Emergency Management (DEM).
- Two Shoreline Cleanup Assessment Technique (SCAT) teams, that include FDEP personnel, continue to conduct scientific assessments of the FL coast on a daily basis. Teams document oil found and provide cleanup recommendations.
- Product continues to be collected, documented and weighed by segment on a daily basis.

Weekly Totals (Lbs)							
Counties	Escambia/ Santa Rosa	Okaloosa	Walton	Bay	Gulf	Franklin	Total
Material Collected	73.1	0.80	3.10	0	0	0	77.00
Oiled Debris	0	0	0	0	0	0	0
Total- to date	2,817,086	39,880	15,741	4,019	329	138	2,877,193

\*Material collected totals represent work completed through these dates 6.21.12 - 6.27.12 - Note Santa Rosa, Bay, Gulf, and Franklin Counties are out of active response.

### **Florida Activities continued**

- On June 21<sup>st</sup>, the Branch removed around 700 feet of boom in West Bay adjacent to the RiverCamps property.
- STR-FL-4-017a, which covers Gulf Islands National Seashore, Fort Pickens Bay side segments was approved on June 22<sup>nd</sup>. The revised STR added segment FLES2-044.
- Branch Operations (OPS) P &M activities were stood down on Monday, June 25<sup>th</sup>. OPS teams conducted reconnaissance surveys on this day to assess beach impacts that may have occurred as a result of Tropical Storm Debby over the weekend. Due to flooding and beach erosion, crews are unable to work in Gulf Islands National Seashore, Fort Pickens at this time.
- The AOR saw a slight increase in SRB concentrations post Tropical Storm Debby. The State conducted spot checks of segments out of the response in Walton County. Results ranged from no observed oil to up to ten SRB's per segment surveyed. The State will continue to check Okaloosa, Gulf and Franklin Counties this week and next week. St. Andrew's State Park and St. Joseph Peninsula State Park personnel reported no observed oil.
- A SAP meeting with the FOOSC and SOOSC was held on June 25<sup>th</sup>. The outcome of the meeting resulted in the FOOSC signing segments FLWA1-009 and FLWA2-002 out of the response instead of returning to Operations. Segment FLWA1-029 will have a repeat MON (1) survey.
- The State approved the following document(s)/ plan(s):
  - Shoreline Inspection Report (SIR-(2)) - for segments FLWA1-010; FLWA2-011, 014, 016 and 018. These segments met shoreline cleanup criteria and will be removed from the response.
