

FLORIDA DEEPWATER HORIZON RESPONSE WEEKLY UPDATE

July 4, 2012

Gulf Coast Incident Management Team/Florida Branch

- Gulf Coast Incident Management Team (GCIMT) remains active in New Orleans with the Florida Branch Office located in Mary Esther, FL.
- Supporting the GCIMT is Darryl Boudreau (FDEP), State On-Scene Coordinator (SOSC), and George Henderson (FWC), State Scientific Support Coordinator (SSC). Darryl staffed the GCIMT office this week; George provided remote support.
- Representatives from the U.S. Coast Guard (USCG), FDEP and BP are staffing the Florida Branch Office.
- The Florida Branch, is supervising the activities of two Divisions, staffed by BP and their contract personnel with USCG oversight:
 - Division 1 - Western Escambia County (Perdido Key)
 - Division 2 - Eastern Escambia (Pensacola Beach), Santa Rosa, Okaloosa and Walton Counties.

Florida Activities

- A weekly FL command conference call for response activities is held every Wednesday at 0830 CDT. This call includes personnel supporting the GCIMT, FL Branch (FDEP, USCG, & BP Branch Director) and Department of Emergency Management (DEM).
- Two Shoreline Cleanup Assessment Technique (SCAT) teams, that include FDEP personnel, continue to conduct scientific assessments of the FL coast on a daily basis. Teams document oil found and provide cleanup recommendations.
- Product continues to be collected, documented and weighed by segment on a daily basis.

Weekly Totals (Lbs)							
Counties	Escambia/ Santa Rosa	Okaloosa	Walton	Bay	Gulf	Franklin	Total
Material Collected	219.7	0.70	3.1	0	0	0	223.50
Oiled Debris	9.132	0.031	0	0	0	0	9.163
Total- to date	2,817,306	39,881	15,744	4,019	329	138	2,877,417

*Material collected totals represent work completed through these dates 6.28.12 – 7.04.12 - Note Santa Rosa, Bay, Gulf, and Franklin Counties are out of active response.

Florida Activities continued

- Gulf Islands National Seashore, Fort Pickens P & M activities resumed on June 29th. The road into the Park had been closed since June 25th due to flooding and erosion from Tropical Storm Debby.
- The State continued conducting post Tropical Storm Debby spot checks of segments out of the response in Okaloosa, Gulf and Franklin Counties. Segments surveyed in Gulf and Franklin Counties had no observable oil (NOO); Okaloosa segments surveyed ranged from NOO to 7 SRB's per segment.
- On July 3rd, Operations encountered areas of concentrated SRB's that had become exposed in the intertidal zone and approximately 3 feet offshore in segment FLES1-036, which is located in Gulf Islands National Seashore, Ft. McRee. Crews recovered 82 lbs of material; recovery operations will resume on the 5th following the holiday stand down.
- The Branch was stood down on July 4th in observance of Independence Day.
- The FOOSC, SOSOC, and USCG FL Branch Director will be meeting with Okaloosa and Escambia County Representatives on Monday, July 9th, to discuss the 2012 severe weather plan and address any other topics the Counties would like to discuss.
- The State approved the following document(s)/plan(s):
 - Shoreline Inspection Report (SIR-(2)) - for segments FLOK2-029 and FLWA2-012. These segments met shoreline cleanup criteria and will be removed from the response.
