Individual/Partnership

Average occupancy for previous 12 months: %

ENVIRONMENTAL PERFORMANCE DATA

To improve environmental performance, a facility must continually measure its impact. This information helps the facility set goals and measure improvements that can be shared with guests and employees. Additionally, it helps the Florida *Green Lodging* Program promote designated facilities and to measure our success

Please report solid waste, water and energy-use information from invoices for the previous 12 months. Enter reporting period: From: _____ to: _____

mm/yyyy mm/yyyy

If an item is not applicable, select N/A.

SOLID WASTE		
If solid waste information is not available, please provide an estimate. An estimate can be calculated by measuring consumption/materials for one week. Average the weekly figure, making sure to correct for seasonal variations in your business. Multiple the weekly average by 52 to get an estimated total for the year.		
Measurements must be the ANNUAL totals in cubic feet.		
Volume to Landfill		Estimate
Volume Being Reused, Recycled or Composted		Estimate
Total Cost ALL Waste Disposal		

WATER	
Measurement must be ANNUAL total in gallons.	
Consumption	
Volume used (for all operations, including irrigation and pool)	
Total Cost ALL Water	

ENERGY			
Measurements must be ANNUAL totals.			
	Consumption	Cost	N/A
Electricity Use (kWh)			
Natural Gas (cubic ft)			
Oil (gal)			
LPG (gal)			
Renewable Energy (type and unit)			
Other Energy (type and unit)			
Total Cost ALL Energy			

IMPORTANT NOTE

Thank you for your commitment to conserve Florida's natural resources through your participation in the Florida *Green Lodging* Program. The Florida *Green Lodging* Program will review your information and will notify you if there are any questions or comments.

IMPORTANT NOTE: Please save a copy of this form before submitting. The form can be automatically sent by using the button below. A new email message window will then appear. Please check that the form has been automatically attached and press "Send".

If any problems arise with the automatic submission, you can save a copy of the form and submit it manually using your email service. You will need to attach a copy of the form to your email for successful completion and review.
