

Gainesville-Depot Avenue Trail

This trail follows a former rail corridor through residential and industrial areas in southeast Gainesville. It connects to the Gainesville-Waldo Road Greenway on its eastern end, allowing for an extended trail experience. These trails are part of a growing network that will ultimately provide access to the Gainesville-Hawthorne Trail State Park via the Gainesville-Downtown Connector.

Major Activities: Walking, Biking, Inline Skating, Wheelchair
Trail Length/Surface: 2.1 miles, paved
Fee: None **Counties:** Alachua **Nearby Cities:** Gainesville

Notes: When renovated, the Old Depot will provide trailhead access to the trail. In the meantime, access is available at many crossroads running the length of the trail from the Shands Hospital area to the trail's connection to the Gainesville-Waldo Road Greenway.

Directions/Access:

Access is available at crossroads along the length of the trail.
