This list does not obligate a non-profit entity to accept a conservation easement nor obligate the Acquisition and Restoration Council to find an easement held by a nonprofit fulfills a clearly delineated state conservation policy and yields a significant public benefit.

Donation of a conservation easement to a nonprofit entity does not guarantee that the donation will qualify as a charitable donation under the Internal Revenue Code or assure the donation will qualify for an ad valorem tax exemption or reduction. Interested parties are urged to consult with their tax advisors about those issues.
