	351112	25195	SEMINOLE		5.00			V	Under Contract/ Negotiations	Exchange of 5 acres of state land jointly owned by BOT and SJRWMD with BOT owning a 90.1 % undivided interest in the parcel for a 5 acre parcel owned by the Clonts. The state parcel is part of the Charles H. Bronson State Forest. A drainage canal constructed by a previous owner in 1940's meanders diagonally across both the Clonts' and State parcels creating management problems. The exchange will provide state with land of greater ecological value, create a better management boundary and aid in eliminating cost and liability. Clonts' attorney reviewing exchange agreement. Estimated BOT date 03/11.
