

STORET Data Retrieval Instructions

Step 1. Query Options: Select the "STATIONS" option from the initial left-hand menu to get to the area where the Station ID can be entered. Then, enter the Station ID number you wish to query in the space provided

Station ID:

- Arlington Boat Ramp STATION ID # 20030764
- Brown's Landing Public Boat Ramp STATION ID #20030768
- County Dock STATION ID #20030458
- Jacksonville Metropolitan Park Marina STATION ID #20030312
- Magnolia Public Boat Ramp Dock STATION ID #20030305
- Orangedale/Shands Fishing Pier STATION ID #20030767
- Riverdale Private Dock, 1408 SR 13 STATION ID #20030626
- Welaka Public Boat Ramp STATION ID #20030766

Step 2. Scroll down to the bottom of the page and click on

Step 3. A new page will now open. Check the box in the upper left hand corner and then click on  **Search Selected Stations**

Step 4. A new window will open. You will need to select the characteristics you would like to see data for. By holding down the control key you can select more than one characteristic at a time. If they are unsure exactly what parameters to search for then you should select all Characteristics (select first one, scroll down, holding 'Shift' and select last one--all will be highlighted).

(Note: only the characteristics that were tested for will appear on the results screen)

Query Options:

Characteristic: 1,1-Dichloroethylene
 1,2,4-Trichlorobenzene
 1,2-Dibromo-3-chloropropane (DBCP)
 1,2-Dichlorobenzene
 1,2-Diphenylhydrazine

Step 5. You will also need to select a date range to query. This database contains information entered from 1999 to the present.

Date Range:
To
Result Type: Detected Non-detected All

Step 6. Submit Query
