Office of Park Planning

SUBJECT: Jurisdiction Report Update

DATE: January 30, 2015

Attached is the January 2015 update of the report for properties under the management jurisdiction of the State of Florida Department of Environmental Protection, Division of Recreation and Parks.

As of January 1, 2015, 787,417.82 acres are under the management jurisdiction of the Division. This slight decrease since the last semi-annual report (July 2014) is the result of minor additions/releases of various parcels, as well as adjustments in calculations using geographic information systems.

The next update of this report is scheduled for July 2015.

If you have any questions or comments related to this report, please contact Matt Klein at (850) 245-2080 or matt.klein@dep.state.fl.us.
