

science for a changing world

Gulf of Mexico Integrated Science

You are invited to attend the

Second Annual
Suwannee River Basin and Estuary
Integrated Science Workshop
June 28-29, 2005
Okefenokee Education and Research Center (OERC)
Folkston, Georgia

This year's workshop will focus on the development of an interagency science plan, interstate science integration, and the development of a web portal to link information resources among agencies and researchers in the Suwannee Basin.

REGISTRATION ENDS JUNE 15
