To:

- All Deadhead Logging Permittees;
- Current Holders of a Board of Trustees Use Agreement;
- All New Applicants who wish to receive a Board of Trustees Use Agreement to recover and remove pre-cut submerged timber from state owned submerged lands;
- Interested Parties

Several classroom training sessions have been scheduled for the Deadhead Logging Program. Completion of this course will provide you with a *Master Deadhead Logger Certification*. This certification is required by the Department of Environmental Protection for permits to recover and remove pre-cut submerged timber from submerged lands under a Board of Trustees Use Agreement.

This certification will also allow you to properly work under an authorized permittee. Please invite anyone who is interested in the class, who is currently working with you during your timber retrieval activities or who may work with you in future timber recovery operations.

There is no registration fee for attendance of this course.

Training sessions will be at the following locations & dates:

- Tallahassee on Tuesday, February 7, 2012
- Pensacola on Thursday, February 16, 2012
- Orlando on Wednesday, February 22, 2012
- Jacksonville on Thursday, February 24, 2012

For locations, class times and directions to each of the training sites, please refer to the following informational sheets.

Please contact **Sara Merritt** if you have any questions or wish to register for the class at (850) 595-0617, or email at [sara.merritt@dep.state.fl.us](mailto:sara.merritt@dep.state.fl.us). When registering, please provide the training location and the registrant's full name for all persons that plan on attending the class.
